NOTICE

STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Hooksett, qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at ten o'clock in the forenoon to act upon the following subjects :

1st. To choose a Town Clerk, three Selectmen, Town Treasurer, Collector of Taxes and other necessary Town Officers and Agents for the year ensuing.

2nd. To hear the reports of the Town Treasurer, Board of Selectmen, Agents and Committees or other Officers heretofore chosen or appointed and to pass any vote relating thereto.

3rd. To raise such sums of money as may be necessary for the support of schools, for laying out and repairing highways and bridges and other necessary charges arising in said town.

4th. To choose one Trustee for the public Library for three years.

5th. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways, under the law passed at the January session, 1905.

6th. To see if the town will vote to adopt the provisions of Chapter 124, Public Statutes, which provides for the licensing of junk dealers.

7th. To see what action the town will take in regard to the appropriation of money for the extermination of the brown-tail moth and other insect pests, according to Chapter 18, Laws of 1905.

8th. To see if the town will raise and appropriate the sum of eleven dollars for a street light to be located on Maple Street.

Given under our hands and seal this twenty-fourth day of February, in the year of our Lord one thousand nine hundred and six.

GEORGE A. BROTHERS,
BURT OTTERSON,
MOSES R. BURBANK,
Selectmen of Hooksett.

A true copy of warrant,—attest :

GEORGE A. BROTHERS,
BURT OTTERSON,

On Sept. 7, 1905, Messrs. Brothers and Otterson attended the meeting of State Engineer, Governor and Council when bids for the Hooksett contract were opened. There was but one bid, that of the Lane Construction Company of Conn. for 79 cents per linear foot for road construction and \$3.00 per cubic yard for ledge excavation, which bid the Governor and

Council considered too high and it was rejected. It being so late in the season, the State Engineer was unable to get any further bids for the construction, and consequently the contract was put over until the coming season of 1906.

STATE OF NEW HAMPSHIRE.

HIGHWAY DEPARTMENT, February 8, 1906.

Statement Relating to State Aid for Highways in Town of Hooksett.

Under Chapter 29 of the Laws of 1899, towns are required to raise one-fourth of one per cent. of their valuation for maintenance of roads, provided, that no town is required to raise an amount exceeding \$50 per mile of road. The valuation of the towns for 1906 and the actual mileage of roads in each town cannot be definitely stated at this date, hence the amounts opposite "A" and "C" below are approximate only.

Subject to the above statement, the following amounts relate to the above-named town:

| | |
|--|---------------|
| A. Amount required to be raised under the law of 1899, one-fourth of one per cent. | \$1,860 03 |
| B. Additional amount if town applies for state aid | <u>372 00</u> |
| C. Total minimum amount required to be raised for highway purposes if town applies for state aid | \$2,232 03 |

If no application for state aid is made in 1906, the town is required under Section 3 of Chapter 35, Laws of 1905, to set apart and expend for permanent improvement the sum of \$744 00

If the town does apply for state aid under the above mentioned law of 1905, a joint fund for the town is formed, the items of which are as follows:

| | |
|--------------------------------------|-----------------|
| Set apart by town under Section 3 | \$744 00 |
| Set apart by town under Section 4 | 372 00 |
| Apportioned by state under Section 5 | 446 40 |
| Total joint fund for 1906 | \$1,532 40 |
| Unexpended balance from 1905 fund | <u>1,540 19</u> |
| Total available fund | \$3,102 59 |

The unexpended balance of 1905 fund is divided between the town treasury and the state treasury as follows:

| | |
|--------------------------------------|------------|
| Amount in town treasury, \$1,122.00— | |
| \$29.44= | \$1,092 56 |
| Amount in state treasury, \$448.80— | |
| \$1.17= | 447 63 |

No. 4. Miss Winnie E. Davis taught Spring term, Miss Jennie Grundy Fall and Winter terms.

No. 5. Mrs. Lillian Reed taught Spring and Fall terms, Miss Ethel E. Parmenter Winter term.

No. 6. Mrs. A. M. Olmstead taught the Grammar School the entire year, Miss Jennie B. Abbott taught the Primary School the entire year.

No. 7. Miss Edith M. Webster taught Spring and Fall terms, Mrs. Mary Togus the Winter term.

No. 8. Miss Florence A. Wilcox taught the entire year.

REMARKS

As soon as possible after the School Meeting held March 18, 1905, a meeting of the School Board, as constituted for 1905-6, was called and March 21st the meeting was held. Organization was effected by choice of F. A. Thomas as chairman and Geo. Keating, secretary.

During the year ten regular and five special meetings were held for the transaction of business. The Board arranged with the Board of Selectmen for the use of a room in the Town Hall for storage of books and supplies, and a room up-stairs in the front part of building has been fitted up for the purpose by an arrangement of shelves, etc. Books formerly stored in several places have been collected and placed upon the shelves in this room. At the beginning of the fiscal year many of the books in use in the various schools were old editions and badly worn. It was considered advisable to change from Frye's Geographies to Morton's and from the Vertical System of Penmanship to the Medial System. Walsh's Arithmetics and Barnes's Histories had been adopted by a former School Board, but only a few of each brought into use

and it was found necessary to purchase a large number in order to have in general use the standard approved by the Board. The Morton Geographies are considered by our teachers superior to any previously used, as the text is more systematically arranged and easier of comprehension by children. The old books were sent to the dealer of whom we purchased new books, we thereby getting the benefit of exchange rates. Several schools were practically without Music Readers, making it necessary for a supply to be purchased.

It is to be regretted that it should have been necessary to make so many changes at one time, but owing to the condition of many of the books it was considered less expensive than to buy a supply of books similar to those in use and have them on hand when changes should finally be made. In order to comply with requirements of chapter 92, section 6, as amended by chapter 40, Session Laws of 1895 and chapter 31, Session Laws of 1903, it was necessary to purchase for use of Grammar School a supply of Cotton's Elementary Physiology and Hygiene. The introduction of Carpenter's Geographical Readers into the schools for supplementary reading has met with the approval of all who have seen the books and observed the result of their use. The Books now in use are in relation to North America, South America, Asia and Europe. As the reading of books relating to one continent is completed by pupils of a school, an arrangement is made by the teacher to exchange with some other school for books relating to one of the other continents, making it unnecessary for us to purchase a great quantity of supplementary readers.

During the year the insurance policies on all the school buildings in town expired and it became necessary

to reinsure every school building for three years, which we did through the agency of Arthur D. Brown, at an expense of \$84.00.

During the previous year there was a great deal of correspondence between the Secretary of the present Board and the Vermont School Seat Co. in the effort to straighten out matters in connection with the new seats purchased several years ago for School No. 8. In March, 1905, the missing parts were furnished by the concern and by direction of the Board the seats and desks were properly fitted in their places and, April 4th the bill amounting to \$64.00 was paid.

With the changes of books satisfactorily made, old bills for seats paid, various other old bills paid, insurance premiums paid, and no prospect of any extra expense being incurred in the near future, we are confident that the School Department can be run the ensuing year in such a way as to accomplish the best results at a minimum of expense.

The regular meetings of the Board are held at 8 o'clock the last Thursday evening of each month in Agent's office in passenger station and, any persons interested in the welfare of our schools, who have any complaint to make or suggestions to offer for the advancement of school interests will be cordially welcomed at these meetings.

Friday evening, October 27, at Town Hall, Mr. J. C. Jennings favored us with a lecture in relation to the derivation of names of cities, towns, rivers, lakes, mountains, etc. This lecture was intended for the teachers and pupils of the public schools and was free, there being no expense whatever connected with the affair. The lecture was very entertaining and in-

structive, though the attendance was very small, not more than 40 being present. Mr. Jennings is certainly deserving of thanks for his kindness in favoring us as he did.

The interest taken in our public schools by the parents and friends of the pupils is evidenced by the fact that, during the year just closed, the teachers' registers show the number of visitors to all the schools to have been 616. Number of visits by members of School Board during same period 103, total visits to schools 719.

During the year a complete record has been kept of business transacted at each meeting of the Board and in the transaction of school business it was necessary for the secretary to write 150 letters of which copies have been kept. Twenty-three employment certificates have been issued by Secretary to children who had reached the age of 14 years and whose parents wished them to go to work, after complying with requirements of chapter 93, section 11, as amended by chapter 61. Session Laws of 1901.

REMARKS

The library has been open every week during the year. The circulation of books has been larger than last year. Trained librarians have assisted in the selection of our books, therefore we know that we have as many helpful books as can be found in any library of its size. There is only one drawback; we are very much in need of a room large enough to contain our books. We have been remembered, during the year, by kind friends, with books and magazines. We take this opportunity to thank all, who have in any way helped on the good work of the library. We are indebted to Miss E. Mabel Winchell, Librarian of Manchester City Library, for the loan of a large and very valuable collection of beautiful pictures, which were on exhibition at our library for three weeks.

Respectfully submitted,

JENNIE B. ABBOTT,
Librarian.

REPORT OF BOARD OF HEALTH

To the Citizens of Hooksett, N. H.

Your Board of Health submits the following report:

There has been an epidemic of Typhoid Fever, but no death from it. Four cases of Dyphtheria with one death. Three houses were fumigated for Dyphtheria, two for Consumption and one for Scarlet Fever. There was a large number of Measles and a few cases of Chicken Pox. One well was examined and the water was found to be contaminated with sewerage and the well condemned.

There was one complaint for nuisance.

Your Board takes this occasion to thank all citizens for their kind assistance.

THEODORE M. TOGUS, M. D.,
JOHN C. DUTTON,
FRANK THOMAS,
